## Winter Tennis Fun !

It was pulled together with short notice, but with the help of many volunteers and tremendous member involvement, we had over 50 residents of the community come out to join in some unique tennis winter fun.

Many thanks to Shawna, Robbie & Ann for getting us organized and coming up with creative and fun ways to play tennis in the snow. After the "on court" activities, we warmed up in the pavilion around the patio heater and enjoyed yummy hot chocolate provided by Balzac's Coffee and hot homemade apple cake provided by Jane Overmeyer. Check out our website, [niagaratennisclub.com](http://niagaratennisclub.com) to see more photo's of the event.

Ironically this was almost the only weekend over the winter where we actually had snow on the courts. Driving by the courts today they are no longer snow covered and are just awaiting warmer weather to be ready for some "real" spring outdoor tennis.

Plans are underway for some [Spring Clinics](#) as soon as the weather permits. Updates will be provided by newsletters and posted on our website once further details are available.
